Subject to conditions prescribed by the University of California, Santa Barbara, sealed bids for a Lump Sum Contract are invited for the following Work:

Project Name: Santa Rosa Residence Hall Fire Safety and Renewal, Bldg. 527

University Project No. FM120078L/988640

Facilities Management Building 439
University of California, Santa Barbara
Santa Barbara, California 93106

DESCRIPTION OF WORK:

Construction of the Life Safety Upgrade of the Santa Rosa Residential Hall. The structure houses 412 students in 214 residential units. The original building is 87,000+ square feet and was constructed in 1954 with two renovations, one occurring in 1987 and the other in 1999. The Work must be divided into three (3) separate Phases. The Work of Phase 1 will consist of the Contractor's provision of (i.e., furnish and install) Fire Alarm and Fire Sprinkler systems. Phase 2 will consist of the Contractor's provision of (i.e., furnish and install) all new aluminum windows [and doors, storefront- if Alternates are accepted]. Phase 3 will consist of the Contractor's provision of (i.e., furnish and install) corridor lighting and the completion of all corridor ceiling repairs. Each Phase will have a separate number of days for completion of the Phase, and each Phase will have its own Liquidated Damages.

The project construction consists of the following elements:

- New Fire Alarm and panel system.
- New FA Sprinkler system.
- All windows to be replaced in student rooms, laundry areas and housekeeping offices.
- All flooring in residential areas to be replaced.
- Interior work including new window coverings & fabric covered walls in selected student rooms and renovation of conference spaces.
- Replace all lighting in corridors and bathrooms to meet new energy standards.
- Replace all low voltage data/communications & cable TV wiring in student residence rooms, common spaces, classrooms and lounges.
- Exterior door security to be upgraded- conduits installed to support future surveillance equipment.
- Boilers replaced per Campus energy conservation design standards.

The date for completion of construction is September 7, 2012. The construction time of the project is of great importance to the University due to the occupancy necessity. Accordingly, liquidated damages and early completion bonuses will be incorporated into the construction services agreement. Construction must be completed in total, within the framework of a start date of June 20, 2012 and a completion on or before September 7, 2012.

Estimated Construction Cost: \$5,139,000
