Project Number: FM190127

Project Name: Seismic Survey of Campus Buildings

Project Description: The University of California, Santa Barbara hereby requests a written response to this Request for Qualifications (RFQ) from qualified professionals interested in providing structural engineering consulting services.

To ensure all existing UCSB structures are in compliance with the University of California Seismic Safety Policy, UC Santa Barbara is requesting written responses to this Request for Qualifications (RFQ) for the selection of a Seismic Consultant to provide ASCE41 Tier 1 and/or Tier 2 and/or Tier 3 Seismic Performance Evaluations of buildings. In some instances a FEMA 154 Evaluation will be utilized. Firms with experience with evaluating seismic performance in accordance with UC Policy are encouraged to respond.

Instructions to Applicants: The complete RFQ will be made available at <https://www.ucsbplanroom.com/jobs/rfq> on **October 2, 2018**.

Qualified consultants must provide their respective SOQ submittals, as outlined in the RFQ, which must be received by the University at the address stated below by **4:00 p.m. on October 17, 2018**.

Three (3) hard copy sets of your proposal and one electronic copy in .pdf format (on a thumb drive or CD) must be returned to the attention of:

Greg Moore, Contracting Services,
University of California, Santa Barbara
Facilities Maintenance Building 439, Room 'E'
Santa Barbara, CA 93106-1030

After the stated SOQ deadline, a shortlist consisting of the most qualified firms will be established by a UCSB screening committee and those firms will be invited to participate in the final selection process, which may include firm interviews.

Affirmative Action Statement: Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each candidate firm may be required to show evidence of its equal employment opportunity policy.

For questions related to this RFQ, please contact:

Ed Schmittgen, University Representative, at ed.schmittgen@ucsb.edu or (805) 451-1186.

Julie Hendricks, Campus Architect and Director
Design and Construction Services

(RFQ Advertised on 10/02/18)
