

University of California, Santa Barbara

Request for Proposals

Project Name: San Joaquin Apartments and Precinct Improvements
Supplementary Fault Investigation

Project Number: 986470

Project Description

Proposals are hereby solicited from geotechnical professionals interested in providing fault investigation services using cone penetration test (CPT) and possible fault trenching at the proposed San Joaquin housing site. The preliminary fault study was performed by Fugro Consultants dated September 9, 2011, who also performed a prior study in 2002.

Scope of Services

Recommendations for additional study and services are noted on page 10 and 11 of the Fugro's preliminary fault study, September 9, 2011. The University is interested in completing as much investigation needed in order to accurately determine the locations of faults at the Santa Catalina site.

Funding of the project is contingent upon receipt of funding from a variety of sources. While it is anticipated that funding will be obtained, there is no assurance that funds will be received for the project noted. Selection of the design professional will follow standard University procedures, and in accordance with relevant state law.

Instructions for Application

Geotechnical professionals with qualifications that include experience in the investigation of projects similar in scale and scope are encouraged to respond. A copy of the Statement of Qualifications (SOQ) form will be available on our home page: <http://facilities.ucsb.edu> click on Requests For Proposals or call Jill Monthei (805)893-2661 x2211.

Four (4) sets of each proposer's submittal must be returned to the attention of:
Deedee Ciancola, Project Manager, Building 439, Office of Design and Construction,
University of California, Santa Barbara, CA 93106-1030 no later than 11:00 AM,
October 3, 2011.

Affirmative Action Statement

Each candidate firm will be required to show evidence of its equal employment opportunity policy. Every effort will be made to ensure that all persons, regardless of race, religion, sex, color, ethnicity and national origin have equal access to contracts and other business opportunities with the University.
