Each prospective Bidder must provide a response to all of the following questions and provide all requested information. Any prospective Bidder failing to do so may, at the University’s sole discretion, be deemed not responsive and, therefore, “not prequalified” with respect to this prequalification evaluation.

Only those Bidders that have successfully achieved Level 1 Prequalification status will be permitted to participate in the Level 2 evaluation process. Only those Bidders that successfully achieve Level 2 Prequalification status by earning more than the predetermined minimum evaluation score will be eligible to submit a bid for this Project.

The decision resulting from such review is final and is not appealable within the University of California. Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the University’s written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a ground for a bid protest.

All information submitted for prequalification evaluation and marked as “confidential” will be considered official information acquired in confidence, and the University of California will maintain its confidentiality unless: (1) the University determines that it is required to release the information to a third party pursuant to the requirements of the California Public Records Act or (2) the University is required by court order to release the information to a third party pursuant to the requirements of the California Public Records Act.
