SANTA BARBARA, CALIFORNIA 93106-1030

NOTICE TO LEVEL 1 PREQUALIFIED PROPOSERS

October 15, 2018

Subject: New UCSB Tennis Center Complex (Project No. FM190114P)
Prequalification Determination(s)

Prospective Design-Build Proposer(s):

Please be advised that the prospective design-build proposers listed below have successfully achieved **Level 1 'prequalified'** status for the New UCSB Tennis Center Complex project and will be permitted to participate in the next phase of the competitive selection process.

	Firm Name	City, State
1.	Byrom-Davey, Inc.	San Diego, CA
2.	Ferandell Tennis Courts, Inc.	Del Mar, CA
3.	Hellas Construction, Inc.	Austin, TX
4.	Ohno Construction Company	Fontana, CA

Firms that submitted a prequalification questionnaire in response to the above mentioned solicitation and are not listed above are deemed 'not prequalified' for this particular project, and are thereby eliminated from further consideration in the competitive process.

The University appreciates the time and effort expended by all of the firms in responding to the prequalification documents, and the University encourages each to take part in future University projects. All prospective proposers, whether prequalified or not, may request a debriefing from the University regarding its qualification status.

If a prospective proposer is deemed "not prequalified" by the University, the prospective proposer may request a review by the University. Any such request must be received by the University within three (3) calendar days after issuance of the University's determination. The decision resulting from such review is final and is not appealable within the University of California.

NEXT STEPS: Level 2 Interviews/Presentations, Supplemental Information & Site Visit

The next steps for prequalified Proposers is the Level 2 evaluation process include a mandatory site visit, submittal of supplemental information, and firm interviews.

The mandatory Level 2 site visit and firm interviews will tentatively take place on the UCSB campus in late October. The University strongly encourages each firm's proposed Design Professional, Project Executive, Project Manager and Project Superintendent to attend the mandatory Level 2 Site Visit and firm interview.

A request for supplementary prequalification materials from each firm, including a preliminary staffing proposal, and the University's provision of additional details regarding the interview and mandatory site visit will be forwarded to each Level 1 prequalified firm under separate cover.

Should you have any questions or comments regarding the prequalification process, please feel free to contact me.

Sincerely,

Greg Moore
Associate Director, Contracting Services
