**ADVERTISEMENT FOR BIDS**

Subject to conditions prescribed by the undersigned, sealed bids for a Prime Trade Contract are invited for the following Work:

**Project Name:** SAN MIGUEL FIRE SAFETY AND REPAIRS  
**University Project No.:** 988600

Facilities Management Building 439  
University of California, Santa Barbara  
Santa Barbara, California 93106

The San Miguel Fire Safety and Repairs project will be constructed by multiple prime trade contractors, each working under a separate contract or contracts with the University. This procurement is for a prime contract to perform the work under various bid packages of the project. The contractor who is awarded the contract will be referred to as a "Prime Trade Contractor."

As described in more detail in the bidding documents, significant features of this multiple prime contract method of constructing the project are as follows:

The University will award separate prime trade contracts to the various trades necessary to construct the entire project. The Prime Trade Contractor will be required to work at a project site shared by the Prime Trade Contractor and the other contractors hired by the University, to cooperate with such other contractors, and to coordinate its work with the work of the other contractors.

The Prime Trade Contractor will be required to perform its work in accordance with a Master Project Schedule to be developed, updated, and maintained by the University Representative after award of the Prime Trade Contract. The Prime Trade Contractor will be required to provide specified scheduling information necessary for the development, updating, and maintenance of the Master Project Schedule by the University Representative.

The Prime Trade Contractor will be required to commence its work on or after **May 1, 2006.**

The Prime Trade Contract must be fully completed on or before **August 31, 2006.**

**DESCRIPTION OF THE PROJECT:** The Project to be constructed by the Prime Trade Contractor and other contractors working under agreements with the University consists of, Fire Sprinklers, Fire Alarms, and Repairs to (two), eight-story towers and (one), one-story public area building.

**DESCRIPTION OF WORK OF PRIME TRADE CONTRACT:** The work of the Prime Trade Contract consists of:
